Re: The Clark Corporation

Dear Sirs,

The Clark Corporation has worked in close relationship with us for going on ten years now. They have completed over thirty various projects for us ranging from very small repairs, to extensive remodeling and additions.

We have found The Clark Corporation to be a service oriented and conscientious company. The quality of work is well above industry standard and they work hard to maintain both the schedule and the budget for our projects.

We trust The Clark Corporation to represent our best interests and feel they live up to the trust we place in them. We recommend them highly.

Respectfully,

A handwritten signature in blue ink, appearing to read "Dave Carper", with a long horizontal line extending to the right.

Dave Carper
Director of Store Development
