

# Save a Lot food stores

## *Letter of Recommendation*

*To whom it may concern,*

*During the period of February through April 2011, I contracted The GB Clark Corporation to renovate a once occupied Aldi grocery store into a Save-A-Lot Food Store in East Moline, Illinois.*

*This renovation entailed an entire refrigerated drainage system, tear down and relocation of walls, added plumbing, extensive electrical increases to include added and improved lighting, just to name a few.*

*Galyn Clark of The GB Clark Corporation was on site weekly to review progress. Changes were made weekly, mostly at my request. Many of the changes made, whether by myself or Galyn saved me money. I was extremely impressed with Galyn's honesty and integrity regarding matters of cost savings, timelines, selection of subcontractors, and clean up.*

*As my company continues to grow, it is with certainty that Galyn Clark will be my only choice on projects such as this one. I may be contacted at 309.373.4041*

*Sincerely,*

*Jeff Boemecke, President
